IMS PIPE FABRICATION

FABRICATION SPECIALISTS

IMS Pipe Fabrication is the only fire sprinkler pipe manufacturer in the Western Cape with a fully equipped spray booth specially designed for precise paint application to steel pipe work. All pipe work leaves our factory with the correct paint primer and enamel coating to required micron thickness.

### Coded Welding

IMS utilises competent coded welders to complete all welding to our client's specification. All welding is checked twice and stamped with the coded welders mark number for verification.

IMS QUALITY GUARANTEED

### Material supply

IMS has the ability to supply all material required to provide a complete cutting list delivery. From paint to mechanical couplings, IMS supplies complete orders to our customers.

All mechanical couplings and mechanical fixings supplied are FM approved or SABS approved.

## THE IMS DIFFERENCE

At IMS, we pride ourselves in delivering the highest Quality Fire Protection pipe work with Service delivery that is second to none.

Utilising the latest project management software, we are able to coordinate our cutting lists far more accurately eliminating time consuming delays saving our clients time and money.

All pipe work fabricated by IMS is quality checked twice prior to delivery.
